## WHAT IT'S ALL ABOUT

Several billion dollars are given away each year to those who know how to ask for it.

Unfortunately, hundreds of millions of dollars are left unclaimed because either *no one asked*—OR *no one asked correctly*.

### Reasons for not asking include:

*"I didn't know it was there"*

*"I didn't know I qualified"*

*"I didn't know how to find grants"*

*"I didn't understand the process."*

### The reason for not *asking correctly*:

*"I didn't know how."*

After this program, you'll know the basic "who, what, why, where, when and how" about college scholarships and grants.

You'll also create a masterplan. And you'll learn how to get "all A's" in less time—even if you're *NOT* an Einstein! Then, you'll learn the main college entry "test taking tricks." Finally, you'll learn interview secrets that work well (this helps when you're a finalist and meet decision-makers). After this training, you'll worry less about competition while others worry more about YOU and your new skill at persuading reviewers to give YOU the money! Read our guarantee at [www.GoToCollegeFree.ORG](http://www.GoToCollegeFree.ORG).
